\$3.50 SHOES THE WORLD'S GREATEST SHOE MAKER

AMERICA LEADS THE SHOE FASHIONS OF THE WORLD.

The leading styles originate in Brooklyn, the manufacturing centre of men's fine shoes in this country.

Styles Originated by My Expert Model Maker Are Copied Everywhere. W. L. Douglas \$3.50 shoes have by their excellent style, easy fitting, and superior wearing qualities, achieved the largest sale of any \$3.50 shoe in the world. They are just as good as those that cost you \$5 to \$7—the only difference is the price. If I could take you into my factory at Brooklyn, Mass., the largest in the world under one roof making men's fine shoes, and show you the infinite care with which every pair of Douglas shoes is made, you would realize why W. L. Douglas \$3.50 shoes are the best shoes produced anywhere.

If I could show you the difference between the shoes made in my factory and those of other makers, you would understand why Douglas \$3.50 shoes cost more to make, why they hold their shape, fit better, wear longer, and are of greater intrinsic value than any other \$3.50 shoe on the market to-day.

There is a great difference between wholesale and retail prices in shoes. You pay only one profit on shoes made in my factory and sold direct to you through my own stores in the principal cities. The result is, you get better shoes for the price than are retailed elsewhere.

My own secret process of tanning the bottom soles produces more flexible and longer-wearing leather than any other tannage.

EVERY GENTLEMAN SHOULD HAVE THREE PAIRS OF SHOES TO DRESS HIS FEET PROPERLY ON ALL OCCASIONS.

He should have a pair of Viscolized waterproof, heavy double-sole shoes for wet weather; a pair suitable for pleasant days, and a pair of Patent Leather Button shoes for dress. Don't pay \$15 to \$18 for these three pairs; you can get as much style, comfort and service in three pairs of Douglas shoes for \$10.50.

W. L. Douglas High Grade Boys' Shoes \$2 & \$1.75.

Corsets: In the highest reputation. Walker makes. That Douglas uses it proves there is value in Douglas \$3.50 shoes.

After the hunt, the members and guests will be met at the club house by Mrs. John Kerr Branch, Mrs. A. S. Buford, Miss Frances B. Scott, Miss Davenport and Miss Whitlock, who have kindly consented to serve as a reception committee. Light refreshments will be served and the afternoon made pleasant to all who are present.

WAGON RUNS OVER BOY.

Son of Councilman Garber Has Narrow Escape.

Willie, the little son of Councilman Fred H. Garber, while playing with several other little boys late yesterday afternoon in front of his father's store, at the corner of Orleans Street and Williamsburg Avenue, met with what might have been a serious accident.

Mr. A. D. Blankenship, a huckster in the Old Market, was on his way home, carrying a horse, which he was driving down the street, when he saw Willie running in front of him. He stopped the horse, which knocked him down, stepping on him, but the wheels of the wagon passed over his chest and arms. Fortunately the wagon did not have a load on it.

Willie was picked up and carried into his father's store by his brother, Fritz, and afterwards taken to his home, on Graham Street, by his father. Upon examination no bones were found to be broken, but the fellow was almost frightened to death.

WHAT AILS MY NERVES? They Are Almost Driving Me Crazy.

They Won't Let Me Work and They Spoil My Pleasure.

Here is a Way to Have Nerves Like Steel. Just Read This.

Thousands of people feel this way. Their nerves are weak and irritable, they pass sleepless nights, waking in the morning tired and unrefreshed, with bad taste in the mouth and dull feeling head. They feel nervous, blue and discouraged, often having a sense of anxiety and apprehension, as of some impending danger. They feel they have lost their nerve power and much of their energy and ambition. They often declare themselves "wrecked and good for nothing." This was so with Mrs. H. Rhoads, 101 Blue Hill Ave., Roxbury, Mass. She says:

"For the past fifteen years I have been a great sufferer from nervous prostration, being unable to attend to my business a great deal of the time. I felt so badly I could not control myself, the least thing causing me to become hysterical. These spells occurred frequently, I became all nerve, and the afternoon made pleasant to all who are present. The bus will meet every car arriving at the Hill monument between 4 and 7 P. M. to convey members and guests to the place of the hunt meet, it is to be hoped that this means of transportation will prove even more popular this than last Saturday."

You who are sick and suffering just remember this: "Dr. Greene's Nervura blood and nerve remedy is the medicine that cures, and is exactly what you want. There are countless numbers of persons in just this condition. They are not sick with any particular disease, but are out of order, have weak nerves and tired bodies. They have lost their snap and energy, and work becomes an effort."

You need Dr. Greene's Nervura blood and nerve remedy. It will cure you. It is purely vegetable and is made by the discovery of Dr. Greene, of 101 Fifth Ave., New York City, the most successful specialist in curing nervous and chronic diseases. He can be consulted free, personally or by letter.

MISS GOULD DIDN'T HELP IN THE FIGHT

Declined to Contribute to Fund to Crush the Mormons, Giving Natural Reason.

(Special to The Times-Dispatch.)

WASHINGTON, D. C., March 18.—Miss Helen M. Gould has been given credit for furnishing most of the money to defray the expenses of prosecuting the charges against Senator Reed Smoot, of Utah, and it can be positively stated that Miss Gould did not contribute a dollar. Miss Gould gave \$15,000 toward the fund to secure the expulsion of Brigham H. Roberts from the House of Representatives, in connection with the Smoot case, while expressing the heartiest sympathy for the movement, she declined to assist it financially on the ground that her activity in the Roberts matter had proved the cabinet to her brothers, the Mormons, having retaliated against their railroad interests and done them much injury.

The Women's Christian Temperance Union contributed \$1,000 to the anti-Smoot fund, the Council of Women \$5,000, and the Organization of Women \$1,000. The \$3,000 thus obtained was given to ex-Representative Robert Taylor, who now appears for the Protestants.

Forty business men of Utah, who oppose the Mormon Church, raised \$5,000, and added this to John G. Carlisle in his services. It is said this represents all the funds yet raised.

PRESIDENT DECLINES.

(Special to The Times-Dispatch.) WASHINGTON, D. C., March 18.—President Roosevelt will not attend the formal opening of the Louisiana Purchase Exposition, which President Francis, of the Exposition Company, was in the Roberts matter, had proved the cabinet to her brothers, the Mormons, having retaliated against their railroad interests and done them much injury. The President has declined that he will not be able to be present at the opening, and it is probable that whether he will visit the fair at all, though he has not definitely passed upon that portion of the invitation.

TORE UNDERSKIRT TO STOP BLOOD

Young Lady Does a Sensible Act and Starts a Romance on a Street Car.

(Special to The Times-Dispatch.)

NEW YORK, March 18.—Passengers in a Second Avenue surface car, saw the principles of first aid to the injured put in practice last night. When the car, which was crowded, reached Twenty-third Street and Second Avenue, a young and pretty woman got aboard. A young man offered his seat, which she accepted, saying "today's world."

The car started with a jerk and the man, in attempting to save himself from falling, pushed his hand through the window. The broken glass cut his hand, and the blood started over the young woman, who didn't even scream. The man tried to stop the flow of blood with his handkerchief, but was unsuccessful. Then the young woman seized her white undershirt and tore it into long strips. With these she bound the man's hand. She also sacrificed her lace-bordered handkerchief to bind up the wound.

The passengers applauded the young woman's act and some of the men seemed envious. When the young woman left the car at Fifty-ninth Street the injured man gave his card to her.

LEE ON WOOD CASE.

Richmonder Would Have Preferred Court of Inquiry.

(Special to The Times-Dispatch.)

WASHINGTON, D. C., March 18.—General Fitzhugh Lee, who was seen at the Shorham last evening, is over a welcome visitor at the capital. Asked by a Post reporter what he thought of the case of General Leonard Wood, which has been given such wide publicity by reason of the investigation before the Senate Military Committee, Lee said:

"Oh, I've been trying to keep out of all that, though I was in Cuba with General Wood. Any officer of the regular army knows that General Wood should have asked for a court of inquiry. This case would have been composed of officers of the army, and its findings would have been accepted by everybody. Had he done this instead of asking to be sent abroad, his course would have been applauded. My opinion is that this would have been preferable to the spreading of the hand from the floor of the United States Senate."—The Post.

Barnett, a mail carrier, while the latter was in uniform and in the discharge of his duties as carrier, was called before United States Commissioner Joseph P. Wood was held under \$500 bond for his appearance at the hearing to-day. The alleged assault is said to have occurred in O'Neal's office, on Broad Street, during the defendant's journey to the postoffice or its cause, and cannot be until the inquiry develops it.

Wood was recently before the City Court on a charge of fighting in the Shafer building, and although the Federal reservation, no proceedings were had in the Federal Court at that time, although it had exclusive jurisdiction there.

What Munyon's Paw-Paw WILL CURE

I am in receipt of letters daily from people who have been cured of Rheumatism, Kidney ailments and Catarrh with Paw-Paw. This is most gratifying, and it shows that these cures are brought about because Paw-Paw purifies the blood and puts the nerves and blood into a vigorous condition; but I wish to emphasize the fact that Paw-Paw will cure Catarrh, Rheumatism, Kidney ailments and many other ailments by purifying the blood. I still wish to distinctly understand that I do not advertise the Paw-Paw for these ailments. Paw-Paw is advertised to cure Dyspepsia to cure Nervousness to cure Sleeplessness and to build up the general system. I know that Paw-Paw will cure indigestion. I know it will strengthen the nerves. I know it will cure Sleeplessness. I know that it will make the weak stronger and the despondent hopeful. I also know that when a person has Rheumatism they should take my Rheumatism Cure. It is almost an infallible remedy. It does not put the disease to sleep, only to break out again, but drives it from the system.

As a spring medicine Munyon's Paw-Paw has no equal. Munyon's Paw-Paw Tonic for sale at all druggists. Paw-Paw Laxative Pills—the best Stomach and Liver Pills on earth—25c a bottle.
